

Welcome Address
by the Chairman of the
South Tyrolean Extension Service for
Fruit- and Winegrowing

Manuel Santer

Dear participants in this 4th SPISE-Workshop,

I am very pleased that you have chosen South Tyrol for this 4th SPISE-Workshop. A month ago I was elected chairman of the South Tyrolean extension service for fruit- and winegrowing with more than 6,000 members. I will try also in future to make sure that our sprayer inspection programme keeps pace with the latest technological advances.

I hope that this workshop will provide us all with stimuli to further improve our spray application technique and sprayer testing methods

I wish you a pleasant stay in South Tyrol and a successful workshop
